The dispute began more than forty years ago, at the height of the second-wave feminist movement. Article Navigation.

Similarly, while there is some mention of structural factors in the Swedish study, most importantly, the difficulties for those leaving in the s due to the recession and the flexibilization of the labour market, these factors are not sufficiently theorized and are subsidiary to the individual aspects of role ascription, appearing as individualized risks rather than as structural forces beyond individual control. Pagesandcoverarecleanandintact.BuyoncampusfromBlackwell's. Thousand Oaks, CA: Sage. Jorgensen, C. We argue that social exclusion is being used as a leverage for increased control rather than for increased social justice.
