Overall, it was an interesting tour inside the field from a young surgeon's point of view. He seems awed at the power given to doctors, and the way that doctors are routinely forced to make difficult decisions from inconclusive evidence. I agree that they were interesting stories, but I also agree with reviewers that have complained about the formatting. Nov12, Patricia rated it it was amazing Shelves: non-fiction. Full Moon Friday the Thirteenth. However, given the audience of this book everyone he does well to treat people about how uncertain medicine really is and how it really comes down to the tricky nature of making decisions and how they should be made in the medical setting: "But the conundrum remains: if both doctors and patients are fallible, who should decide? Gue nggak Hmmm View the Study Pack. PWPicks: Books of the Week. Perhaps some of the emotional writing would have gotten in the way of the story, but it was hard for me to see the patients beyond simply what was wrong with .
