Hayward's office, Paul feels like himself. The best illness memoirists are the worst historians, rejecting standard medical narratives and creating their .

I mean, I cannot believe that has happened. There, I felt safe. There was a 19th-century volume reproducing plates from the Hortus Deliciarum a 12th-century encyclopedia that had been lost in a fire. Every year, I ask my dad what he wants for Father's Day. And so I was really insecure about .

Test results arrive and Paul discovers that this cancer is derived from a mutation. I rated it it was amazing Feb 07, I would rather do practical life things here and contribute my share.
