The same day, the tank Riquewhir would charge into a column of enemy infantry, its blood-stained tracks causing the German 64th Schutzen Regiment to panic and flee an entire sector of Stonne. This tank was introduced in the Battle of Kurskone of the largest tank battles in history. Each infantry regiment included an antitank rifle company, with 27 antitank teams. Theeffectivenessofitsartilleryarmwasoneofthedominatingfeaturesoft The crew are demonstrating the versatility of the vehicle by using rough terrain. I have dozens of books on German Armor, wheeled and tracked armor and soft skin vehicles. IIAusf.To what extent the course of events in Russia would have been changed is, of course, unknown, but it is interesting to speculate. Average Review.
