So many changes – and most simply for the sake of politics. In particular, this system should be designed to provide victims a consumer oriented, simple, effective, and single encounter from which they can receive assistance.

Terrorism, perhaps the most compelling threat to national security, is not

There are few things more infuriating than a new administration wiping the slate clean of all predecessor programs to make room for their. Any examination of this history of emergency management shows that politics seem to shape the direction of what we do as much as significant disasters. If after a week they had still not completed the survey, they were sent an additional reminder email.

Please verify that you are not a robot. All but one state and nearly all the sub-state jurisdictions are constitutionally bound to balance their respective annual budgets. The major in Emergency Preparedness, Homeland Security and Cybersecurity is designed to provide students with a broad overview of these three critical fields.
