The novel intervention design merged a community health worker "promotora" model with an entertainment-education... Results demonstrated the effectiveness of the promotora model in improving heart-healthy behaviors, promoting community referrals and screenings, enhancing information sharing beyond families, and satisfying participants' expectations of the program.

To establish effect estimates, a difference-in-difference method combined with...
Desarrollo de fotonovelas para concienciar sobre trastornos de la conducta alimentaria en latinos en los Estados Unidos.
Generating para -water from para -hydrogen: A Gedankenexperiment. Desarrollo de fotonovelas para concienciar sobre trastornos de la conducta alimentaria en latinos en los Estados Unidos.

Age, sex and formal education were not associated with the knowledge. Casa Va... are limited on the efficacy of health-focused interventions for young, low-aculturated Latino women. A community's readiness for change is a precursor to the effective application of evidence-based practices for health promotion.
